

GIAN PAOLO ONETO

Head of the National Accounts Directorate, ISTAT Italy

Gian Paolo Oneto is the Head of the National Accounts Directorate, responsible for the production, dissemination at national level and transmission to the EU authorities of the National Accounts Statistics (both at annual and quarterly frequency), as well as EDP statistics, Government Finance Statistics, and the European Environmental-economic Accounts since 2012. He joined ISTAT (the Italian NSI) in 2000 after an extensive experience in quantitative macro-economic and business cycle analysis. Since then he has undertaken a career in managing the production and development of economic statistics, in particular in the domains of Short Term Statistics (being the head of the STS directorate for more than 10 years) and National Accounts. He has represented ISTAT in a number of international fora: chair (elected) of the OECD Short-term Economic Statistics Working Group (STESWG); member of the PEEIs Steering Group; member of the Statistical Sub-committee of the EU Economic and Financial Committee (and recently of its Steering group); member of the DMES Board; member of the Committee on Monetary, Financial and Balance of Payments Statistics.
