

STEFAN ZEUGNER

European Commission, Directorate General for Economic and Financial Affairs

Stefan Zeugner heads the 'Analysis' sector within the Macroeconomic Imbalances and Adjustment unit of the European Commission (DG ECFIN). He holds a PhD on macro-econometrics at SBSEM-ECARES (Université libre de Bruxelles), Brussels. Moreover, he holds graduate degrees from the Institute for Advanced Studies in Vienna, the Vienna University of Economics and CEMS. Before his post-graduate studies, he has worked as a financial analyst in the government bond markets. His current research centres on the analysis of macroeconomic imbalances, with a particular focus on current accounts and external assets.
